In addition, we will be venturing outside to the woods to search for frogs and salamanders. Each day we will be focusing on certain groups of animals and learning many fun facts about them. The culminating activity will be a celebration of animals, with the possibility of students bringing their small pets (sorry, no cats or dogs) to share with the class. Students do NOT have to handle every animal, and every precaution will be made to ensure student safety, however, animals can be unpredictable and there is always a danger that a student can be bitten or scratched.
